Sixth Form Probation Policy

Probation Period

All Year 12 students are placed on a four-week probation period

During the probation period students' attendance, punctuality, attitude to learning and behaviour are monitored.

- Attendance should be 95% or above
- Students should adhere to the Sixth Form dress code and to the Sixth Form Code of Conduct
- Students should arrive at school on time and return promptly if they leave the school site at lunchtime
- Students should have completed and submitted all induction work for each of their subjects
- Students should complete all homework and classwork to an acceptable standard and meet deadlines for submission
- Students must achieve a minimum grade in the end of probation assessments

If at any time during this period a student fails to complete homework, their attendance falls below 95% or their overall effort and work ethic is causing a concern parents will be contacted.

If a student or their parents/carers have any concerns during the probation period, they should contact the Sixth Form Manager or the Head of Sixth Form.
